

# Microsoft Office H&B 2016 and Office Pro 2016 Attach rebate

## Why should SMB's upgrade?

Nearly **1/3**  
of the workforce now uses  
3 or more devices<sup>1</sup>

**PCs older than 4+ years**  
cost, on average, an additional  
**\$426/year in total maintenance costs,**  
plus **\$1,260 in lost productivity<sup>2</sup>**

Performance degrades with 5  
applications running simultaneously.  
**Newer PCs can easily run 8  
applications simultaneously** without  
performance degradation<sup>2</sup>

Windows 10 devices have  
up to **3x** the battery  
life of a  
5-year old laptop<sup>3</sup>

Windows 10 devices have up to **2.5  
times better performance<sup>4</sup>** and **4 times  
faster wake speed<sup>5</sup>** than a 5 year-old  
laptop, plus simplified multi-tasking in  
the new Office.
